## GAMES WITH MMP

### **Turning Point**

6/13 10a-1p 6/14 1p-4p 6/15 1p-4p

This is a collaborative, dramatic, decision engine, where the group plays a single character who is facing a life-changing dilemma. Using story game mechanics the group will explore past incidents in the character's life to determine what emotions are the most important to make this decision. Through play a decision will be made for the character.

### **Sequence: Metalfyre - The Gorgon Conspiracy**

6/13 9a-1p 6/14 9a-1p

Come playtest the next setting for the Sequence Game System. Mysteries, intrigue, and action await the heroes as they explore strange Martian Ruins in a future that never happened. Drama, Gun Fu, and Mecha Action await the mysteries of the Gorgon dig site. A rules-light adventure. No experience necessary. Characters will be generated during setup. Bring at least 6d6.

### **Margrett Morrison's Letters**

6/13 10a-1p 6/14 10a-1p

Margrett Morrison was your mentor, taught you everything she knew, and now she's gone. She left 7 letters which lead to 7 mystical locations. The 1st one will lead you to Shangri-La. Will you be able to protect the lost valley from the Nazi forces that wish to control its power?

### **Love and Justice**

6/13 1p-3p

You are a group of magical girls in Tokyattle. You save the world by defeating bad guys and hate with love and justice. You are still learning how to use all of your powers. Lady Fuzz Fur, your hedgehog companion and instructor in the ways of world-saving, was captured by your nemesis and is unable to help you just as the world falls into peril once again!

### **Dungeon World:**

#### ***Oracle of the Spire***

6/14 2p-6p
